Work Experience

eLime Design Studio

Casper, WY

November 2004 - Present

Freelance Web Designer

Currently working with business from southwest Nebraska and northern Colorado on maintaining their web sites. The use of PHP/MySQL with email forms, online calendars, and JOOMLA web sites. I also use HTML with CSS to maintain web site standards and keep web sites up to date with the current web technologies.

Northeastern Junior College

Sterling, CO

August 2006 - May 2008

Computer Service IT Intern

Worked with various faculty and staff around campus with computer problems. Helped maintain the college's web site while giving ideas on how to improve the site. Helped pull 8 miles of network cable in various campus buildings and terminated network cables in the rooms and network cabinet.
